School Games Discovery and Project Ability Programme	Activities throughout year	£500
Specialist Dance Teacher, football coaches, trips to gymnastics centres and specialist coaches to work with pupils and staff in the Primary Department	Half termly trips and coach visits	£2,220
Shallow Water training to support swimming and hydrotherapy	Spring Term 2018	£300
PE Equipment & Resources	Purchased throughout year	£200
Supporting access to horse-riding	Weekly	£405

Impact Statement

We are very proud of the achievements of our pupils in PE and Sport. We used the funding to help raise the standard of provision of PE and Sport in our school.

- This year our success has been recognised through the achievement of the School Games Gold Award. This was an improvement from the previous year where the Silver Award had been obtained.
- Supply cover for the Lead for PE, has created capacity for the planning and preparation of a wide range of events and sporting experiences to take place.
- The recruitment of a PE Assistant (Apprentice) has provided extra support in PE, swimming and hydrotherapy lessons. The expert skills, knowledge and enthusiasm have enabled the

consistent delivery of High Quality Sport and PE at Hillside. This appointment has also created an increase in the numbers of extra-curricular activities offered in school, including Rugby Club and Football Club.

- We bought into the School Games Discovery and Project Ability programmes to ensure that our pupils had extensive opportunities to participate in competitive sport through inter-school competitions, including Swimming Festival, Panathlon Challenge, Gymnastics Competition and School Games. Furthermore, we organised a number of intra-school sports competitions, including Boccia Championships and our annual School Games Sports Day. Additional sporting opportunities over the year included Ten Pin Bowling and Trampolining, Sailing, Riding and President's Sports Day.
- We have welcomed specialist dance teachers and sports coaches to school. They have demonstrated expertise to teachers by carefully preparing and delivering sessions to meets needs of individual groups. Pupils demonstrated a high level of enjoyment during these sessions. Feedback from staff was extremely positive.
- We allocated a small amount of funding to buy additional equipment to support and enhance the delivery of the PE curriculum, including Hydrotherapy.
- We trained a group of staff in Shallow Water Rescue to enable them to safely and confidently lead or support in swimming lessons or Hydrotherapy sessions
- The purchase of a shower chair to use in the hydrotherapy pool has enabled a greater level of independence for some of our pupils
- The impact of our Specialist PE Teacher providing high quality PE support to pupils in the Primary Department can be seen in the development of pupils' skills as evidenced through P level assessment. Analysis of pupil attainment indicates that PE and Sport Premium funding is having a positive impact on pupil attainment.

Pupil Progress (Years 2 to 6): 19 pupils with 2 years of data		
Level decreased	Level remained the same	Level increased
0	9	10
Levels range from P1i to P7		

- Class Teachers have continued to develop their knowledge and skills as a result of on-going input from our Specialist P.E. staff, including 2 Specialist P.E. Teachers and specialist dance teachers.
- Through the 'Discovery' Sports Programme many pupils have had the opportunity to experience and enjoy a wider range of sporting activities, which may encourage them to participate in these activities out of school.
- Intra school Boccia has taken place with Primary and Secondary competitions and pupils have taken part in inter school competitions through the 'Discovery' Sports Programme.
- The purchase of further additional outdoor activity equipment has continued to encourage pupils to engage in good levels of physical activity during lunch-time play and at Hillside's Youth Club and Summer School.
